

"The beginning of your happily ever after!"

YOUR DREAM WEDDING AWAITS

Romance, rustic charm and modern amenities abound at The Michael. Your dream wedding awaits as you appear beyond the lake, making your arrival in The Michael's own Clydesdale-drawn carriage - a wedding entrance that your guests will remember for years to come.

Added in 2017, the "Michael" barn has quickly become one of the most sought after wedding venues in Alabama. Named in memory of the owner's brother, this one-of-a-kind event destination is centrally located on 100 acres and includes two event barns, an available four-bedroom guest house, and four cabins nestled deep in the woods.

Vaulted wood ceilings and natural trusses featuring immense crystal chandeliers are the focal point of The Michael Barn's interior.

The original barn includes a spacious two-bedroom suite and veranda. This luxury amenity is a favorite of The Michael brides, transforming a wedding day into a full weekend experience. Grooms and groomsmen enjoy staying overnight in the cabins, and use the barn "Tack Room" for relaxing before the ceremony.
